### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art of neither teaches nor fairly suggests the treatment of dry eye through the administration of macrolides. The specification sets out at page 1, lines 8-10, as "a condition wherein lacrimal fluid is less in amount or abnormal in quality, with or without the presence of a corneal and conjunctival lesion." Conditions which can cause dry eye syndrome are well known in the art and are listed in the lines that follow.

The closest prior art is that of Honbo et al, which is directed to the treatment of vernal or seasonal conjunctivitis. This however differs from keratoconjunctivitis sicca which is the conjunctivitis specific to dry eye. Instead, Honbo et al is directed to the use of macrlides in treating the allergic reaction which causes vernal conjunctivitis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

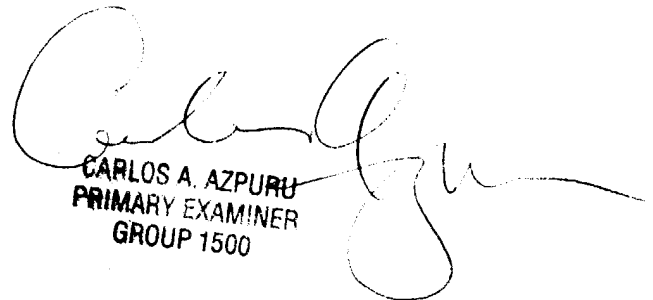

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carlos A. Azpuru whose telephone number is (571) 272-0588. The examiner can normally be reached on Tu-Fri, 6:30 am - 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman K Page can be reached on (571) 272-0602. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
